THE PERFORMANCE OF PRO-MIX® WITH THE POWER OF AGTIV® TECHNOLOGIES

AGTIV REACH*

AGTIV REACH® helps plants develop a more extensive root system, allowing plants to reach and absorb more nutrients and water, significantly enhancing growth, robustness, and vigor thanks to **mycorrhizae**.

AGTIV AMPLIFY**

AGTIV AMPLIFY® promotes an amplified root system and better absorption of nutrients and water. It fosters faster germination, increases resistance to transplant shock, and optimizes growth rate and uniformity, thanks to **Bacillus and mycorrhizae**.

*PRO-MIX® HP® AGTIV REACH® is only available in US. **PRO-MIX® HP® AGTIV AMPLIFY® is only available in Canada.
